

Sirs or Madam,

Where to begin?? K-LOVE radio station has made an impact on my life and the life of my family.

I don't want to lose the translator station to other programming that won't benefit my family in the same way.

I realize I am only one voice and that the voice of commercialism carries loud and clear. Change is not always a good thing.

I pray that you keep things the way they are so that others like myself won't lose the Positive and Encouraging power of K-Love.

Thank You.
